

# AFTER SCHOOL VIDEO EDITING CLUB

**Each Friday starting 23/02/2018**

We are hosting an after school club.

If you are interested in creating professional You Tube videos or want to create good looking video footage please join us in Room 43

We can cater for 20 students and will run every Friday at 15:40– 1630

If tutors could gage interest and put forward a list of students who would like to attend and help make this club a success then please contact Matthew Essex or Joseph Taylor.

**Whatever you set out to do, do it with the same app Hollywood pros use.**

**Start a vlog, go viral on YouTube or become a go-to videographer.**

**Import footage from any camera or phone, trim clips, add titles and adjust audio.**

**With intuitive tools and tonnes of step-by-step tutorials, you'll be producing great work in no time.**
