

Dear staff, students and families,

### 1. Year 11 - Class of 2022 - Graduation Event

We need your help to make the Year 11 graduation a night to remember.

This year, FEBS have agreed to fund the event but need your help to make this a memorable experience!

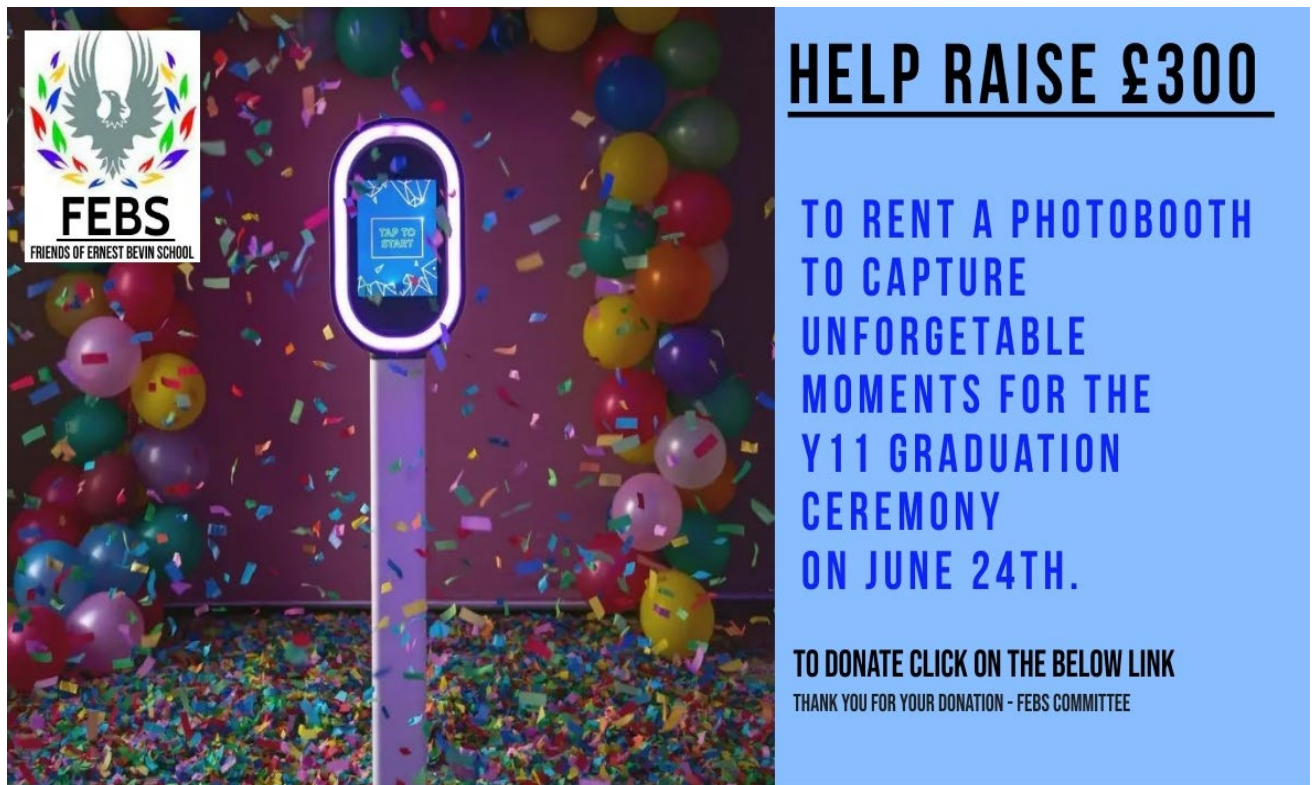

To make the night memorable, we want to hire a photo booth for the boys to take pictures and enjoy! The photo booth will cost £300 and is being provided by a business from none other than an alumnus of Ernest Bevin College.

Please donate towards this to help make the night memorable for our Year 11 graduates and at the same time support our local entrepreneur and EBC alumni!

Note any extra funds raised will be used towards the event.

To donate please click here:

THANK YOU FOR YOUR DONATION - FEBS COMMITTEE

## **2. Laser Cutter machine**

Before the Easter half term FEBS put together a fundraising appeal to raise money to repair or replace our broken laser cutter machine. Ideally, the Ernest Bevin College Design and Technology department would benefit from a new laser cutter to replace our 9-year-old machine which would cost £12,000. In the event that we are unable to raise the full amount, we will aim to repair the laser cutter at a cost of £4,000.

Our college specialises in STEM (Science, Technology, Engineering and Maths) subjects and it is vital for the college and all our students to be equipped with the best technology to achieve their full potential.

We're asking for donations from parents, alumni, local businesses and the wider community. If you wish to donate please click here and support the DT department at Ernest Bevin College:

<https://app.investmycommunity.com/fundraise/friends-of-ernest-bevin-school-3083>

You can also support us by sharing the FEBS donation link and flyer with your network by following us on our social media platforms below. Send us a like, re-post or retweet. Also, if you'd like to partner with us please send us an email below. Your contribution for our children will be hugely appreciated and beneficial for their learning.

Can you help donate?

FUNDRAISING APPEAL 2022

# LASER CUTTER MACHINE

## Why we're raising money

Help us to **repair** or **replace** our broken laser cutter machine. Ideally, the College would benefit from a new laser cutter to **replace** our 9-year-old machine which would cost **£12,000**. In the event that we're unable to raise the full amount, we'll aim to **repair** the laser cutter at **£4,000**.

Some of the students projects over the years:

Thank you for your ongoing support!
