

FRIENDS OF ERNEST BEVIN (FEBS) Newsletter

Friday 13th November 2020

We are very excited to launch FEBS (Friends of Ernest Bevin) campaign 'Laptops for Lifechances' to support our disadvantaged children by raising money to buy laptops and other IT equipment they would not otherwise have access to.

We are very grateful to students past and present for their messages of support for the campaign – you can watch the video here:

We are living in unusual times, this phrase is often said, however these times have had a proven detrimental impact on disadvantaged children more than any other group. Please help us to support them with the technology for them to be able to access online learning both in the event of lockdown of schools or merely to help in catch up of learning caused by lockdown.

In the early stage of our campaign we are asking for help from students, staff, parents and families to support this campaign and send these links out widely to all your networks, connections and contacts. Please tweet, send out via Instagram, post on Facebook.

Please support our campaign, donate generously and send out widely to all.

Donate using this link or using the QR code below.

We continue to welcome support from our school community who are able to support FEBS in any way. Please email febs@ernestbevin.london if you are able to assist.
